Home. Computational Intelligence Laboratory of Peking University was founded in 2007. Now there are five faculty members in our lab, including one academician of Chinese Academy of Engineering, two professors, one guest professor and one research fellow.

Computational Intelligence Laboratory, Peking University

Artificial intelligence (AI), sometimes called machine intelligence, is intelligence demonstrated by machines, in contrast to the natural intelligence displayed by humans and other animals. In computer science AI research is defined as the study of "intelligent agents": any device that perceives its environment and takes actions that maximize its chance of successfully achieving its goals.

The aim of Discrete Applied Mathematics is to bring together research papers in different areas of algorithmic and applicable discrete mathematics as...

Discrete Applied Mathematics - Journal - Elsevier

Applied Soft Computing is an international journal promoting an integrated view of soft computing to solve real life problems. Soft computing is a collection of methodologies, which aim to exploit tolerance for imprecision, uncertainty and partial truth to achieve tractability, robustness and low solution cost.
