

land use planning regulations pdf

Land-use planning is the process of regulating the use of land in an effort to promote more desirable social and environmental outcomes as well as a more efficient use of resources. Goals of land-use planning may include environmental conservation, restraint of urban sprawl, minimization of transport costs, prevention of land-use conflicts, and a reduction in exposure to pollutants.

Urban growth boundaries. The urban growth boundary is one form of land-use regulation. For example, Portland, Oregon is required to have an urban growth boundary which contains at least 20,000 acres (81 km²) of vacant land. Additionally, Oregon restricts the development of farmland. The regulations are controversial, but an economic analysis concluded that farmland appreciated similarly to the ...
