Research Overview Papers - cde.ca.gov

As stated in What is language? language skill underpins pretty much all academic learning. A child's language skills does, to a large extent, ordain how well that child learns within the school environment. Language impairment often affects students' academic performance in the areas of vocabulary development, the ability to listen to instructions, reading (decoding) and reading comprehension.

Why is language disorder such a problem?

The following section is designed to provide materials, readings, and approaches to assessment and therapy for speech-language pathologists who work with people who stutter.
