general structure of several of the philosophically most puzzling parts of reality. Specifically, I want to explain certain structural features of mind, language, and society, and then show how they all fit together. My aim, then, is to make a modest contribution to the Enlightenment vision. Introducing Philosophy

Mind, Language and Society

Language and Mind This is the long-awaited third edition of Chomsky's outstanding collection of essays on language and mind. The first six chapters, originally published in the 1960s, made a groundbreaking contribution to linguistic theory. This new edition complements them with an additional chapter and a new pref-
