In Acrobat for Windows, you can export text edits directly to the Microsoft Word document that the PDF is based on to revise the source document. To use this feature, you must use PDFMaker in Word to create the PDF. Before you export your text edits, make sure that insertion comments use the exact text, including spaces and paragraph returns, that you want to add.

Introduction Any treatment of Christian doctrine would be incomplete if the biblical statement concerning sin were omitted. Modern Philosophy denies the existence of sin, but any such denial is part of a false philosophy. All refusal to admit the existence of sin can neither be controverted nor challenged. The Bible declares sin's existence and the human heart displays it.
