

security beyond survival essays pdf

A global catastrophic risk is a hypothetical future event which could damage human well-being on a global scale, even crippling or destroying modern civilization. An event that could cause human extinction or permanently and drastically curtail humanity's potential is known as an existential risk.. Potential global catastrophic risks include anthropogenic risks, caused by humans (technology ...

Global catastrophic risk - Wikipedia

The Psychology of Security. I just posted a long essay (pdf available here) on my website, exploring how psychology can help explain the difference between the feeling of security and the reality of security.. We make security trade-offs, large and small, every day. We make them when we decide to lock our doors in the morning, when we choose our driving route, and when we decide whether we're ...
