

### **understanding codependency how to pdf**

Codependency is a controversial concept for a dysfunctional helping relationship where one person supports or enables another person's addiction, poor mental health, immaturity, irresponsibility, or under-achievement. Among the core characteristics of codependency, the most common theme is an excessive reliance on other people for approval and a sense of identity.

Guilt is good. Yes! Guilt actually encourages people to have more empathy for others, to take corrective action, and to improve themselves. Self-forgiveness following guilt is essential to esteem, which is key to enjoyment of life and relationships. Yet, for many, self-acceptance remains elusive ...

Empathy is the capacity to understand or feel what another person is experiencing from within their frame of reference, that is, the capacity to place oneself in another's position. There are many definitions for empathy that encompass a broad range of emotional states. Types of empathy include cognitive empathy, emotional empathy, and somatic empathy.
