Soci t  par actions simplifi e (SAS, English: "simplified joint-stock company") is the first hybrid law [definition needed] enacted under French law and based on common law principles rather than civil. [clarification needed] It is similar to a limited liability company under United States law, as the Delaware limited liability company was the model used by the French Government.

A critical premise of epidemiology is that disease and other health events do not occur randomly in a population, but are more likely to occur in some members of the population than others because of risk factors that may not be distributed randomly in the population. As noted earlier, one important ...
