

### **why classical music still pdf**

Classical music is art music produced or rooted in the traditions of Western culture, including both liturgical (religious) and secular music. While a more precise term is also used to refer to the period from 1750 to 1820 (the Classical period), this article is about the broad span of time from before the 6th century AD to the present day, which includes the Classical period and various other ...

The connection between music and politics, particularly political expression in song, has been seen in many cultures. Although music influences political movements and rituals, it is not clear how or to what extent general audiences relate to music on a political level. Music can express anti-establishment or protest themes, including anti-war songs, but pro-establishment ideas are also ...
