6th Conference | International Society for Asphalt Pavements
The history of Artificial Intelligence (AI) began in antiquity, with myths, stories and rumors of artificial beings endowed with intelligence or consciousness by master craftsmen; as Pamela McCorduck writes, AI began with "an ancient wish to forge the gods.". The seeds of modern AI were planted by classical philosophers who attempted to describe the process of human thinking as the mechanical ...

Business process modelling and simulation: advantages and
A discrete-event simulation (DES) models the operation of a system as a discrete sequence of events in time. Each event occurs at a particular instant in time and marks a change of state in the system. Between consecutive events, no change in the system is assumed to occur; thus the simulation can directly jump in time from one event to the next.. This contrasts with continuous simulation in ...
