Witness to History is a book that presents evidence and examines the covered up events of the early 20th
century. It documents what life was really like in the Third Reich (or Nazi Germany), what Hitler's plans and
intentions were, who really started World War 2, how the start of the war and certain key events were
planned by Allied leaders, what Jews were doing in that time period, Allied war ...

Witness, through ages, has been a key player in the pursuit of justice delivery. The fundamentals of justice
necessitate that the truth and impartiality must be quintessence of justice. This brings the role of an onlooker
or third party as witness to confirm or report to criminal justice agencies the ingredients of the incident.

This Witness to History briefly contrasts the differences between what is recorded in the official papers in
the National Archives and the memories of RAF Bomber Command witnesses during the October 1962
Cuban Missile Crisis when most commentators believe the world came the closest ever to a nuclear
exchange and to World War III.

xWhat is it like to be witness (an observer), of history as it is happening? x How can we, as a witness to
history and events, speak for those who are no longer able to? x How can that act of speaking change how
we, and people in the future, understand events that
